General Guidelines for Blood Donation

Be in good general health and feeling well. Maintaining your iron level is an important part of being a healthy donor. We encourage you to learn more about iron and donating blood.

To donate visit redcrossblood.org and use code **canyonpark** or scan the QR code.

WATER CONSERVATION

Canyon Park is committed to conserving and improving our environment. Part of that is storm water drainage system. Storm water is not filtered or cleaned before it is released to Utah Lake, the Provo River, or to the groundwater, so it can be a pollutant if it is not kept clean.

Our team strives to prevent pollution by sweeping our parking lots and making sure all liquid chemicals are properly stored and disposed of. We regulate our dumpsters and recycling bin to ensure all waste is properly disposed and maintain our storm water system in park.

What can you do?

- Report all spills to management.
- Keep your car properly maintained by repairing all oil, gas, and radiator leaks.
- Properly dispose oil, paint, and other chemical liquids.
